Saluda County First Steps
Deborah Padgett
Executive Director

“A child is a person who is going to carry on what you have started. He is going to sit where you are sitting and when you are gone, attend to those things which you think are important.”

- - - Abraham Lincoln

A very wise person reminded me that the quality of the early education program directly impacts high-school graduation rates. I strongly feel that the quality of early care and pre-school education programs directly impact the quality of the early education program in our schools. I am thankful to be part of an organization that truly focuses on the well-being, care and education of our youngest children.

A review of this report will demonstrate the wonderful things we are doing to enhance early care and pre-school education programs in Saluda County. With your help, we can do more. Through your donations and volunteer time, we can prepare our youngest children to carry on the good things we have started, and to improve the quality of life for those that come after them.

Each of the six color blocks of the First Steps logo represents a core area of service, outlining our comprehensive strategy to prepare children for long-term school success.

With **measurable outcomes across each of its six school readiness strategy areas**, First Steps is getting results.

### Healthy Start
We begin with a focus on providing a healthy start to life. This includes prenatal and post-partum services for both mother and baby. In 2007, First Steps collaborated with key philanthropic and agency partners to bring Nurse-Family Partnership to SC having a significant impact on reducing premature births and Medicaid costs.

### Quality Childcare
Quality childcare starts with quality childcare providers. Our quality enhancement and training strategies lead to improved teacher-student interaction, which research shows has a significant impact on a child’s development and success in school.

### Family Strengthening
Our home visitation strategies, such as Parents as Teachers, Parent-Child Home and Early Steps to School Success, are helping parents understand their responsibilities to care for and be positive models for their children. As a result of First Steps’ intervention and parenting support, 66% of clients initially assessed at “low” levels of parenting have achieved moderate or high levels of parenting skill.

### Early Education
Private-public partnerships through First Steps 4K have led to significant cost efficiencies in the delivery of publicly funded 4K. One recent analysis suggests First Steps is achieving comparable results, without the need for costly capital construction, for 80 cents on the dollar. Early Head Start expands quality early learning and family support to infants and toddlers.

### Early Intervention
Children’s school readiness depends on their healthy growth and development. First Steps helps identify potential delays early through developmental screenings and referring children to BabyNet and other early intervention resources.

### School Transition
Each of the corresponding blocks of services leads ultimately to the goal of transitioning children successfully to school. Programs like Countdown to Kindergarten are ultimately preparing children for school success.

Based on the needs of our community, Saluda County First Steps focuses its investments in... **FAMILY STRENGTHENING, QUALITY CHILDCARE, EARLY EDUCATION, and SCHOOL TRANSITION.**
Parents play a critical role in their child’s development.

Program Description

Positive Parenting Program and Make Parenting a Pleasure are evidence-based, group-based parenting education and support programs for parents with children 0-8 years of age. Focus of the program is for parents to: learn practical stress management and communication skills; gain greater understanding of their child; learn effective parenting skills and positive approaches to discipline; and build a support network. Services include:

1. **Group Meetings** at least 4 times
2. **Sessions last 2 – 2.5 hours** with families
3. **Parent booklets** that contain class and home activities
4. **Connections to Outside Resources** that families may need to succeed

Music teaches your child language, motor, cognitive and social skills.

This year, our Parent Training program:

- Continued its strong collaboration with Saluda County Department of Social Services to provide parent education services.
- Tightly integrated parent education with the Family Literacy and Child Care Scholarship programs.
- Strengthened 27 families and children through parenting training and education.

Thank you to our partners!

- Saluda County Department of Social Services
- ABC Academy
- Saluda County Adult Education
Parents are their child’s first and best teachers.

**Program Description**

Family literacy programs offer an integrated and family-friendly approach, helping both parents and children to improve their literacy skills. Family literacy services integrate all of the following:

1. Adult Education
2. Child Education
3. Parent Education
4. Interactive Parent/Child Activities

Our family literacy program:

- Helps parents of young children increase their education levels
- Provides English language instruction for parents
- Teaches parents how to support their child’s literacy and overall development
- Provides quality early learning experiences for children 0-5 while their parents attend adult education

Saluda County First Steps serves families in greatest need. Among our family literacy program families:

- 100% ... live in poverty
- 100% ... didn’t graduate high school
- 100% ... enrolled in our program with less than an eighth grade education

This year, our Family Literacy program:

- 100% of participants made gains in their BESTPlus scores.
- Children of parents enrolled in the adult education program were enrolled in Saluda Schools Early Head Start.
- Families were connected to many resources through engaging presentations and fun activities: Cooking Matters (DHEC), dental care for adults and children (Molina Healthcare), Women Empowerment workshop (Re-Discover), healthy food shopping and eating (Saluda County Clemson Extension Service).

In order to thrive, children need nurturing, responsive relationships and a supportive learning environment, both within and outside the home.

**Program Description**

The quality of care they received by young children is crucial to their healthy development and school readiness. Child care providers strive to provide high quality care, but may lack the resources that are commonly available to publicly-funded early childhood programs, such as educational materials, on-site professional development, and other support.

First Steps’ Child Care Quality Enhancement (QE) is intended to produce measurable improvements in the quality of care provided to young children. Participating child care providers must serve a high percentage of at-risk children, and are selected through a competitive process that requires a strong level of commitment to the QE process.

**Program Components**

1. On-site Technical Assistance (TA) at least twice monthly
2. Equipment and materials funding
3. Integration with locally available training, provided by First Steps and other partners
4. Workforce Development
5. Coordination with community partners
6. Pre/post assessments of the classroom environment and teacher-child interaction, using nationally-recognized observational tools for infant/toddler and preschool settings (ITERS,ECERS,FCCERS)

**This year, our Quality Enhancement program:**

- Improved quality, on average, by 0.79 based on pre/post Environment Rating Scale assessments
- Provided 65.75 hours of technical assistance to child care providers
- Provided $2500 in classroom materials grants to ABC Academy
- Provided $10,000 in funding to create a shaded area with a safety zone for the 4K playground at Saluda Primary.
- Provided $5000 in funding to enhance the special education playground (wheelchair swing, Little Tikes basketball goals, awning for shade) at Saluda Primary. Community members provided labor and love to install and enhance the playground.
- Funded scholarships for 5 children within participating child care providers

Those who care for young children need high-quality, accessible, and affordable professional development.

Program Description
High-quality child care hinges on high-quality professional development that meets the needs of the local child care workforce.

First Steps-sponsored training is certified through the SC Center for Child Care Career Development and includes topics in the areas of nutrition, health and safety, curriculum, child guidance, professional development and program administration. Best practices in training include not only the training itself, but follow-up in the classroom.

Saluda County Council
Edgefield County First Steps
Robin Prothro
Susan Graham

Robin Prothro, MS/OTRL, Pediatric Occupational Therapist presented a workshop on the importance of developing motor skills. Motor skills are a robust predictor of academic success.
Quality child care can be expensive for many families.

Program Description

Access to quality child care is essential for children while away from their primary caregivers. Yet, of those families income-eligible for child care assistance in South Carolina, only a small fraction receive it due to lack of funds. In the absence of nurturing and consistently available family, friends or neighbors, parents are faced with few - or no – affordable care options.

Saluda County First Steps serves families in greatest need. Among our scholarship families:

**100% ... are eligible for free/reduced lunch**

In addition to regular monitoring of child care providers that receive First Steps scholarships, First Steps conducts at least one developmental screening each year with scholarship children and connects families to needed services within the community.

Saluda County First Steps integrates the Child Care Scholarship Program with its Parent Training Program.

Reading aloud builds motivation, curiosity and memory. Sharing the joy of reading with a child is great way to encourage a love of reading for the child.

This year, our Scholarship program:

- Provided 5 children with scholarship assistance so their parents could work or attend school
- Provided 8 hours of training for scholarship parents in topics such as promoting positive behavior and managing misbehavior.

Thank you to our partners!

Bringing parents and teachers together as partners sets the foundation for success in school.

Program Description
Countdown to Kindergarten (CTK) is a summer home visitation model connecting rising kindergartners and their families with their future teachers. The program is designed:

✓ to forge strong and lasting home-school relationships,
✓ to acquaint children and families with the state and classroom expectations to increase the likelihood of school success,
✓ to increase parent involvement in the early grades (particularly in hard-to-reach communities), when children’s learning is foundational for life success; and
✓ to increase public awareness of the importance of school readiness and provide ways for parents and communities to impact children’s early school success.

Countdown to Kindergarten integrates all of the following:

One-on-One Services. Teachers make six visits over the summer to safe environments to provide one-on-one services to participating students and families. Children and families are introduced to actual materials used in kindergarten and are given a Kindergarten Transition Toolkit to keep.

Learning Celebration. The last visit is a “field trip” to the school where the child will attend class in the fall.

Public Awareness. Throughout the summer, First Steps releases tips to media to help parents and caregivers get children ready for kindergarten.

*CTK program data is for June-August 2016, whereas CTK fiscal data includes expenditures from July 1, 2016 through June 30, 2017.

This year, our Countdown to Kindergarten program:

✓ 75% of Summer 2016 students finished their 5K year on grade-level. A very successful program!
✓ 100% of parents responded to CTK survey
✓ Increase of 41.5% of parents surveyed said they now have a good understanding of is expected of them and their child during kindergarten.
✓ Increase of 60% of parents surveyed said their child is very excited about beginning kindergarten after completing the CTK program.
✓ Increase of 80% of parents surveyed said they will make it a priority to participate in school programs/events.

Unaudited numbers for the period July 1, 2016 through June 30, 2017

Since inception, Saluda County First Steps has leveraged $1,604,733 from sources outside of state government. That’s 49 cents for every state dollar.
Through partnerships and collaborations, as well as financial support from grants and contributions, Saluda First Steps leverages state dollars to enhance and expand services to children and families.

**Funding Support**
- State of South Carolina: $200,000
  *(through South Carolina First Steps)*
- Center for Child Care Career Development: $2,000
- Senator Floyd Nicholson: $660

**In-Kind Support**
- Saluda County School District
- Kaplan Early Learning Company
- Discount School Supply
- Scholastic
- Saluda County Administration
- ABC Academy
- McDonald’s
- Celebration Church
- Office Depot

**Students from ABC Academy had an amazing adventure on their trip to the Riverbanks Zoo.**

**How your support helps children in Saluda County:**

- Senator Floyd Nicholson contributed $660 to help fund a field trip to Riverbanks Zoo. This trip would not have been possible without his assistance.
- CCCCD awarded a $2,000 grant which was used to purchase services of high-quality presenters and materials to enhance professional training opportunities for our child care centers.
- A donation of $100 would help to purchase a toolkit kit full of supplies and books for a child in the Countdown to Kindergarten program.
- A donation of $200 would help cover the cost of one child to participate in the Countdown to Kindergarten Program.

**HOW TO GIVE:** To make a donation, please make check out to Saluda County First Steps. Mail to:

Saluda County First Steps  
Attn: Deborah Padgett  
103 S Rudolph Street  
Saluda, SC 29138

**Save the Date!**

- December 8, 2017 – 2017 Chairmen’s Summit on Early Childhood. Will be held at Columbia Metropolitan Convention Center.
- April 2018 – Week of the Young Child celebration.

**Support Saluda County First Steps today through a tax-deductible donation, or volunteer!**
Saluda County First Steps collaborated with Saluda Primary School to enhance the Special Education playground. Items purchased through a grant from Saluda County First Steps included: Little Tikes basketball goals, awnings for shade, swings and a wheelchair swing. The concrete, fence, and mulch were donated by anonymous donors. Business and community members worked together to spread the mulch, dig the holes to set the equipment, pour concrete, install the fence and equipment, clean the playground area, and anything else that needed to be done to prepare the playground for the upcoming school year. These volunteers even worked in the rain to ensure this playground was finished by the start of the school year. This was truly a community effort. The faces of these children show their appreciation and enjoyment of their playground.

The Goals of First Steps

(1) provide parents with access to the support they might seek and want to strengthen their families and to promote the optimal development of their preschool children;
(2) increase comprehensive services so children have reduced risk for major physical, developmental, and learning problems;
(3) promote high-quality preschool programs that provide a healthy environment that will promote normal growth and development;
(4) provide services so all children receive the protection, nutrition, and health care needed to thrive in the early years of life so they arrive at school ready to succeed; and
(5) mobilize communities to focus efforts on providing enhanced services to support families and their young children so as to enable every child to reach school healthy and ready to succeed.

-- Section 59-152-30

EARLY HEAD START – CHILD CARE PARTNERSHIP

Low income families with children 0-36 months, and families with infants or toddlers with special needs, are invited to apply for this year-round, comprehensive program. Available in the following counties: Allendale, Anderson, Bamberg, Berkeley, Dillon, Georgetown, Laurens, Lexington, Newberry, Orangeburg, Saluda and York, and coming soon to Fairfield and McCormick counties. To apply, visit:

http://scfirststeps.org/ehs/

[I CAN] is First Steps’ public awareness campaign for school readiness, in support of the state’s Profile of the Ready Kindergartener. Includes resources for parents, providers and communities to learn what they can do to support school readiness.
