Dillon County First Steps
Shirleen Lewis, MS
 Executive Director

Dillon County First Steps (DCFS) Partnership Board and staff are proud to serve Dillon County's youngest children to build a strong educational foundation to ensure Dillon County's children are ready for school.

In 2016-17, DCFS continues the Parents As Teachers (PAT) Home Visitor Program that serves families with prenatal through kindergarten children and Child Care Training and Professional Development that serves child care providers by offering certified training hours to fulfill their yearly DSS credit hours.

Dillon School District Four continues to support DCFS by providing office space, meeting space, utilities, and copying service. A grant from the Dillon County United Way supports the Parents As Teachers program through the purchase of age appropriate books. A grant from South Carolina Child Care Career and Development supports child care trainings by assisting with presenter fees and advertising. Child Care Resource and Referral provides a trainer for child care training.

DCFS continues to encourage community support through its 9th Annual Community Fundraiser. The fundraiser raises awareness of First Steps and assists with the purchase of needed supplies to enhance all programs.

DCFS will continue to serve high quality education programs and encourage community support to ensure that Dillon County children has the best possible education. By DCFS and the community working together as a team, we will build a dependable, reliable, and educated workforce in Dillon County.

What We Do

Each of the six color blocks of the First Steps logo represents a core area of service, outlining our comprehensive strategy to prepare children for long-term school success.

With **measurable outcomes across each of its six school readiness strategy areas**, First Steps is getting results.

Healthy Start

We begin with a focus on providing a healthy start to life. This includes prenatal and post-partum services for both mother and baby. In 2007, First Steps collaborated with key philanthropic and agency partners to bring Nurse-Family Partnership to SC having a significant impact on reducing premature births and Medicaid costs.

Quality Childcare

Quality childcare starts with quality childcare providers. Our quality enhancement and training strategies lead to improved teacher-student interaction, which research shows has a significant impact on a child's development and success in school.

Family Strengthening

Our home visitation strategies, such as Parents as Teachers, Parent-Child Home and Early Steps to School Success, are helping parents understand their responsibilities to care for and be positive models for their children. As a result of First Steps' intervention and parenting support, 66% of clients initially assessed at "low" levels of parenting have achieved moderate or high levels of parenting skill.

Early Education

Private-public partnerships through First Steps 4K have led to significant cost efficiencies in the delivery of publicly funded 4K. One recent analysis suggests First Steps is achieving comparable results, without the need for costly capital construction, for 80 cents on the dollar. Early Head Start expands quality early learning and family support to infants and toddlers.

Early Intervention

Children's school readiness depends on their healthy growth and development. First Steps helps identify potential delays early through developmental screenings and referring children to BabyNet and other early intervention resources.

School Transition

Each of the corresponding blocks of services leads ultimately to the goal of transitioning children successfully to school. Programs like Countdown to Kindergarten are ultimately preparing children for school success.

Based on the needs of our community, Dillon County First focuses its investments in Family Strengthening and Quality Childcare.

Parents play a critical role in their child's development.

Program Description

Parents as Teachers (PAT) is an evidence-based home visiting program designed to build strong communities, thriving families and children who are healthy, safe and ready to succeed. PAT services include:

1. **Personal Visits** at least twice monthly
2. **Monthly Group Connections** with other PAT families
3. **Screenings and Assessments** to identify developmental concerns
4. **Connections to Outside Resources** that families may need to succeed

Dillon County First Steps serves families in greatest need. Among our PAT families:

100% ... live in poverty
50% ... didn't graduate from high school
25% ... were teen parents

Home Visitor Jessica Swindler with Raven McLellan and Kyan German reading his favorite book.

My success story is about Kinessence's learning. The program and Ms. Jessica have been a big help. She pays attention to the learning cartoons on T.V. especially when they are counting and saying ABC's. She loves playing with the blocks and learning her colors. I thank them so much.

Toyoka Rouse, Parent

PAT by the Numbers 2016-17

Families Served	34	
Children Served	45	
Total Home Visits	744	
Hours Spent Serving Families	740.81	
Average gain, Keys to Interactive Parenting Scale (pre-to-post):	3.48	4.34

This year, our Parents as Teachers program:

- ✓ Averaged 2.59 home visits per family per month (Parenting Home Visit Intensity Report, Avg. Number of Visits)
- ✓ Identified and addressed 23 potential developmental delays, and made 27=79.4% connections for families to services such as Family Events/Activities, Vision Service, BabyNet and Early Education Programs
- ✓ Improved parenting practices with Keys to Interactive Parenting Scale (KIPS) Assessment with an average 9.7% increase.
- ✓ Improved literacy skills, Parents as Teachers lessons always ended with a small literacy activity that helped the parent get more creative with their story time.

Child Care Training

Those who care for young children need high-quality, accessible, and affordable professional development.

Program Description

High-quality child care hinges on high-quality professional development that meets the needs of the local child care workforce.

First Steps-sponsored training is certified through the SC Center for Child Care Career Development and includes topics in the areas of nutrition, health and safety, curriculum, child guidance, professional development and program administration. Best practices in training include not only the training itself, but follow-up in the classroom.

**Child Care Training Sponsored by

Parent As Teachers

Success Stories

Kenlie learned her Abc's and 123's at the age of 1 year's old. Now she is well manner and very independent. She learned a lot from being in the program.

—**Jessica Anderson**

PAT Parent

This program has been a success to me in many ways. My child has become more familiar with pointing out what things are and knowing his colors. My child has also become very familiar with his body parts.

—**LaCandice Singletary**

PAT Parent

We really enjoy being in this program

—**Jessamine Jackson**

PAT Parent

Yes, I would like to thank the First Steps program for accepting Malasia into their program and helping her with her learning skills. Malasia and I are happy with her teacher. We love Mrs. Tell to the death of the both of us.

—**Kiley Bethea**

PAT Parent

I love and appreciate all you've done and all that you do!

—**Anelica McRae**

PAT Parent

This program has been so helpful to me and my family. This is my last child to graduate from the program. She had services from BabyNet to help with her speech and helping her walk better. We love the books that we get. I'm really thankful for Mrs. Tell and First Steps.

—**Alexis McRae**

PAT Parent

My daughter has learned a lot in this program. Tasia knows how to count from 1 to 10, she can identify some of her colors, and shapes overall she is very smart to be a 2-year-old child. I thank everyone for their support for me and my family.

—**Felicia Ware**

PAT Parent

Before the program and Mrs. Shantel came into our lives I honestly had a few concerns about my son, Ny'Zeam Goodson. One of my concerns was him getting along with other kids his age and then the doors opened with Mrs. Shantel and the program. When my daughter was able to join the group, I wasn't too concerned then when she started crawling and trying to stand on her own I was concerned, but thanks to Mrs. Shantel and this wonderful program. I am a satisfied parent.

—**Okeida Colvin**

PAT Parent

I really love the program and my son Jayceon too. He has learned so much from the program and his books. We love the group meetings and everything.

—**Daysha Samuel**

PAT Parent

Donte Jones enjoying the outdoors and bubbles.

Getting children ready for school.

The Goals of First Steps

- (1) provide parents with access to the support they might seek and want** to strengthen their families and to promote the optimal development of their preschool children;
- (2) increase comprehensive services** so children have reduced risk for major physical, developmental, and learning problems;
- (3) promote high-quality preschool programs** that provide a healthy environment that will promote normal growth and development;
- (4) provide services** so all children receive the protection, nutrition, and health care needed to thrive in the early years of life so they arrive at school ready to succeed; and
- (5) mobilize communities** to focus efforts on providing enhanced services to support families and their young children so as to enable every child to reach school healthy and ready to succeed.

-- Section 59-152-30

Interested parents with Medicaid-eligible children who live in eligible school districts can contact any participating provider to complete an application for free, full-day 4K. To view a list of participating First Steps 4K providers, visit:

<http://scfirststeps.org/4k>

EARLY HEAD START – CHILD CARE PARTNERSHIP

Low income families with children 0-36 months, and families with infants or toddlers with special needs, are invited to apply for this year-round, comprehensive program. Available in the following counties: Allendale, Anderson, Bamberg, Berkeley, Dillon, Georgetown, Laurens, Lexington, Newberry, Orangeburg, Saluda and York, and coming soon to Fairfield and McCormick counties. To apply, visit:

<http://scfirststeps.org/ehs/>

[I CAN] is First Steps' public awareness campaign for school readiness, in support of the state's Profile of the Ready Kindergartener. Includes resources for parents, providers and communities to learn what they can do to support school readiness.
