OUR VISION:
Every South Carolina child will arrive at kindergarten ready to succeed.
Newberry County First Steps
Patricia H. Caldwell
Executive Director

Newberry County First Steps targets children 0-5 years of age. Our programs are designed to achieve results through partnerships at state and local levels, among public and private entities. County-level partnerships – with their unique ability to identify local needs, resources and collaborative opportunities – are designed to efficiently focus program efforts and reach children where they live.

There has been a strong collaboration with the School District of Newberry County, the Newberry Library, child care centers, faith based and other local non-profits, Newberry public housing, local government, and other county partnerships to maximize our resources and ensure that all families know where to go to receive assistance.

Each year our programs show evidence of improvement: nationally recognized programs, Parent as Teachers, Library-Based program (children’s literacy), Countdown to Kindergarten (CTK) – where we reached forty-seven children throughout the county – and Child Care Quality Enhancement/Child Care Training where we served seventy one teachers and directors. All centers have quality programs and one center has an A+ rating. We are in the 2nd year of Early HeadStart which serves 16 families and children 0-2 years old. The First Steps 4K program serves 32 children.

Newberry First Steps will continue to work with our partners as we focus on making sure that all children are healthy and ready to experience the success needed to create the motivation and engagement that sustains learning.

Each of the six color blocks of the First Steps logo represents a core area of service, outlining our comprehensive strategy to prepare children for long-term school success.

With measurable outcomes across each of its six school readiness strategy areas, First Steps is getting results.

**Healthy Start**
We begin with a focus on providing a healthy start to life. This includes prenatal and post-partum services for both mother and baby. In 2007, First Steps collaborated with key philanthropic and agency partners to bring Nurse-Family Partnership to SC having a significant impact on reducing premature births and Medicaid costs.

**Quality Childcare**
Quality childcare starts with quality childcare providers. Our quality enhancement and training strategies lead to improved teacher-student interaction, which research shows has a significant impact on a child’s development and success in school.

**Family Strengthening**
Our home visitation strategies, such as Parents as Teachers, Parent-Child Home and Early Steps to School Success, are helping parents understand their responsibilities to care for and be positive models for their children. As a result of First Steps’ intervention and parenting support, 66% of clients initially assessed at “low” levels of parenting have achieved moderate or high levels of parenting skill.

**Early Education**
Private-public partnerships through First Steps 4K have led to significant cost efficiencies in the delivery of publicly funded 4K. One recent analysis suggests First Steps is achieving comparable results, without the need for costly capital construction, for 80 cents on the dollar. Early Head Start expands quality early learning and family support to infants and toddlers.

**Early Intervention**
Children’s school readiness depends on their healthy growth and development. First Steps helps identify potential delays early through developmental screenings and referring children to BabyNet and other early intervention resources.

**School Transition**
Each of the corresponding blocks of services leads ultimately to the goal of transitioning children successfully to school. Programs like Countdown to Kindergarten are ultimately preparing children for school success.

Based on the needs of our community, Newberry County First focuses its investments in....FAMILY STRENGTHENING, EARLY EDUCATION, SCHOOL TRANSITION, AND QUALITY CHILD CARE/TRAINING.
Parents play a critical role in their child’s development.

Program Description
Parents as Teachers (PAT) is an evidence-based home visiting program designed to build strong communities, thriving families and children who are healthy, safe and ready to succeed. PAT services include:

1. **Personal Visits** at least twice monthly
2. **Monthly Group Connections** with other PAT families
3. **Screenings and Assessments** to identify developmental concerns
4. **Connections to Outside Resources** that families may need to succeed
5. **Connect families** to a Pediatric medical home

Newberry First Steps serves families in greatest need. Among our PAT families:

- 100% ... live in poverty
- 100% ... didn’t graduate from high school
- 72% ... were teen parents

Primary Care Givers are often grandparents and great grandparents.

This year, our Parents as Teachers program:

- ✓ Each family averaged 2.07 visits each month, usually our teen parents required more visits per month
- ✓ There were forty-one connections made for services our children/families required. Services such as food, emergency shelter, education, Babynet, and mental health to name a few.
- ✓ Parenting practices were improved as shown through the pre and post parent surveys and pre and post KIPS and ACIRI as well as parents attaining primary and secondary goals they set for themselves.
- ✓ Literacy skills improved not only for our children, but our parents/guardians as well. This year we had parents doing more reading during home visits and provided more group meetings with literacy activities. We distributed over five hundred books.

Children’s reading scores improve dramatically when parents are involved in helping them learn to read.

Program Description

The Newberry County First Steps Library-Based Program is designed to provide literacy activities for 3-4-year-olds enrolled in a certified preschool program. These programs include child care centers, private preschools, faith-based preschools, and public schools. We are especially targeting children who have been identified as at-risk.

One main goal is to instill in children a love of reading and of books. Another goal is to place in the homes of these children quality children’s literature to encourage reading and together time for the children and adults in the home.

Each class receives visits twice a month by the Outreach Librarian. Each child receives eight (8) books to take home to add to his or her personal library. Children are taught the proper care and handling of books. Through the reading sessions every two weeks, teachers are trained in storytelling techniques to use in their own reading times. Books are also given to the classroom to build up their classroom library.

This year, our Library-Based program:

- Provided one book per month for 8 months to 603 children enrolled in public and private preschools in the county.
- Taught children how to care and handle books.
- Trained 72 teachers in storytelling techniques to use in their own reading times
- Received donations from Friends of the Library and organizations in support of children’s literacy.

In order to thrive, children need nurturing, responsive relationships and a supportive learning environment, both within and outside the home.

Program Description

The quality of care they received by young children is crucial to their healthy development and school readiness. Child care providers strive to provide high quality care, but may lack the resources that are commonly available to publicly-funded early childhood programs, such as educational materials, on-site professional development, and other support.

First Steps’ Child Care Quality Enhancement (QE) is intended to produce measurable improvements in the quality of care provided to young children. Participating child care providers must serve a high percentage of at-risk children, and are selected through a competitive process that requires a strong level of commitment to the QE process.

Program Components

1. On-site Technical Assistance (TA) at least twice monthly
2. Equipment and materials funding
3. Integration with locally available training, provided by First Steps and other partners
4. Workforce Development
5. Coordination with community partners
6. Pre/post assessments of the classroom environment and teacher-child interaction, using nationally-recognized observational tools for infant/toddler and preschool settings (ITERS, ECERS, FCCERS)

QE by the Numbers, 2016-17

This year, our Quality Enhancement program:

- Improved quality in most areas in the 2 classrooms working with First Steps on pre/post Environment Rating Scale assessments
- Provided 94 hours of technical assistance to child care providers
- Provided $2,045 in materials grants to participating child care providers

Those who care for young children need high-quality, accessible, and affordable professional development.

Program Description
High-quality child care hinges on high-quality professional development that meets the needs of the local child care workforce.

First Steps-sponsored training is certified through the SC Center for Child Care Career Development and includes topics in the areas of nutrition, health and safety, curriculum, child guidance, professional development and program administration. Best practices in training include not only the training itself, but follow-up in the classroom.

I love that I can take the tools I learn in training back to the classroom!

Bringing parents and teachers together as partners sets the foundation for success in school.

Program Description
Countdown to Kindergarten (CTK) is a summer home visitation model connecting rising kindergartners and their families with their future teachers. The program is designed:

✓ to forge strong and lasting home-school relationships,
✓ to acquaint children and families with the state and classroom expectations to increase the likelihood of school success,
✓ to increase parent involvement in the early grades (particularly in hard-to-reach communities), when children’s learning is foundational for life success; and
✓ to increase public awareness of the importance of school readiness and provide ways for parents and communities to impact children’s early school success.

Countdown to Kindergarten integrates all of the following:

Home Visitation. Teachers make six visits over the summer to the homes of participating students and families. Children and families are introduced to actual materials used in kindergarten and are given a Kindergarten Transition Toolkit to keep.

Learning Celebration. The last visit is a “field trip” to the school where the child will attend class in the fall.

Public Awareness. Throughout the summer, First Steps releases tips to media to help parents and caregivers get children ready for kindergarten.

This year, our Countdown to Kindergarten program:
✓ On the post parent survey, parents stated that they read to their children daily.
✓ After completing the CTK program, 56% of parents reported that they had current knowledge of kindergarten expectations at their child’s school.
✓ According to kindergarten teachers, 66.27% of CTK children performed as well as, or better than, their fellow students in the areas of: approaches to learning and inquiry, emotional and social development, self help and otor skills, physical development, language and literacy development and mathematical thinking.
✓ According to the post parent survey, 52.5% of parents stated – they would make it a priority to participate as a volunteer and attend regular meetings (PTO, parent conferences, etc.) in support of their child’s education.

Unaudited numbers for the period July 1, 2016 through June 30, 2017

Since inception, Newberry County First Steps has leveraged $1,113,228.30 from sources outside of state government. That’s 36 cents for every state dollar.
Through partnerships and collaborations, as well as financial support from grants and contributions, Newberry First Steps leverages state dollars to enhance and expand services to children and families.

**Funding Support**
- State of South Carolina: $200,000 *(through South Carolina First Steps)*
- Center for Child Care Career Development: $2,000
- Midlands Gives: $826.82
- Stokes-Trainor: $500
- United Way of the Midlands: $5,260
- Friends of the Newberry Library $1,500

**In-Kind Support**
- School District of Newberry County
- Department of Social Services
- DHEC, Newberry County
- USC/CCR&R SCECA District 4
- Newberry County Library
- Kaplan Early Learning Company
- Newberry College

---

**How your support helps children in Newberry County:**

- ✓ $10 provides 15 hours of child care training for one child care provider.
- ✓ $40 provides a preschool child a book per month for eight months!
- ✓ $330 will fund one child in the 6 week Countdown to Kindergarten program.

Newberry Housing Authority
Margie Suber

It has given me great privilege to witness the children’s enjoyment of reading books that were donated by Mrs. Pat Caldwell and the First Steps Program. These books were brought into our office at the Julian E Grant Homes (The Newberry Housing Authority) for the children to enjoy. It is a joy and pleasure to see parents reading to their children and to see children coming into the office just to pick up a book to read. The children loved the books so much that all the books disappeared from our office. That is great, because now they enjoy reading them at home! Newberry Housing values the partnership with Newberry County First Steps as we work together to meet the needs of our families.

Countdown to Kindergarten Makes a Lasting Impact
Alison Bowers, CTK/5k Teacher

Countdown to kindergarten has been a true blessing to me as a teacher. Having the opportunity to form a relationship with both the parents and the child has been critical for student success in my classroom. The children are given a backpack filled with supplies that will help them long after summer has ended. The children that I have had in the CTK program are better equipped for kindergarten success and I enjoy communicating in a positive manner with their parents.

PAT Participants Take Part in The Family Literacy Program
Rita Saddler, Coordinator for Newberry Parenting/Family Literacy Program

This year our services were extended throughout the entire summer. The Family Literacy Program partnered with the Newberry Literacy Council to help coordinate summer activities at the Hal Kohn Memorial Library for students and parents in the community. Incentives were offered for the students who attend the library sessions and activities. The summer focus was the total solar eclipse. The incentives offered were gift cards and entrance passes to family events, such as the Riverbank Zoo. Program participants were given four books a month through the Bright Beginnings Child Development Center as well as during home visits with the Newberry Family Literacy Program Parent Educators. Gift cards were regularly distributed throughout the year when documents and surveys were turned in by the required deadlines. Incentives such as gift cards were provided through the collaboration with Newberry Literacy Council and United Way of the Midlands. Holiday gifts were also given to the children at the Holiday Celebration. Healthy snacks and bookit treats were given to the children every month for different holidays/recognitions such as, but not limited to: Veterans’ Day, Cancer Awareness, National Family Literacy Month, Fire safety, Easter, Valentine’s Day and Harvest season/Thanksgiving.

The Newberry Family Literacy Holiday Celebration is a night of fun filled activities for the whole family. They spend about 15 minutes at each station after meet and greet. Stations include music and movement, make and take and storytime. In the end, everyone enjoys one-on-one time with Santa at this annual event.

Support Newberry First Steps today through a tax-deductible donation, or volunteer.
As the public becomes more aware of the importance of Early Childhood Development, our agency’s role in ensuring that all students begin school ready to succeed continues to gain support in the public and private sectors. Research has shown and continues to show the value of what we do. However, as with any agency, finances remain one of our most limiting factors. Newberry County First Steps has collaborated with the School District of Newberry County, the Hal Kohn Library, local child care centers, local businesses and elected officials to make the most efficient and effective use of our funds.

Investing in Our Children’s Future

I am very proud to be a part of Newberry County First Steps to School Readiness Board. We have a group of creative and dedicated individuals who are committed to our mission and who work well together to accomplish our goals. I am looking forward to the coming year as we continue to invest in our children’s future.

The Goals of First Steps

(1) provide parents with access to the support they might seek and want to strengthen their families and to promote the optimal development of their preschool children;
(2) increase comprehensive services so children have reduced risk for major physical, developmental, and learning problems;
(3) promote high-quality preschool programs that provide a healthy environment that will promote normal growth and development;
(4) provide services so all children receive the protection, nutrition, and health care needed to thrive in the early years of life so they arrive at school ready to succeed; and
(5) mobilize communities to focus efforts on providing enhanced services to support families and their young children so as to enable every child to reach school healthy and ready to succeed.

-- Section 59-152-30

Interested parents with Medicaid-eligible children who live in eligible school districts can contact any participating provider to complete an application for free, full-day 4K. To view a list of participating First Steps 4K providers, visit:

http://scfirststeps.org/4k

EARLY HEAD START – CHILD CARE PARTNERSHIP

Low income families with children 0-36 months, and families with infants or toddlers with special needs, are invited to apply for this year-round, comprehensive program. Available in the following counties: Allendale, Anderson, Bamberg, Berkeley, Dillon, Georgetown, Laurens, Lexington, Newberry, Orangeburg, Saluda and York, and coming soon to Fairfield and McCormick counties. To apply, visit:

http://scfirststeps.org/ehs/

[I CAN] is First Steps’ public awareness campaign for school readiness, in support of the state’s Profile of the Ready Kindergartener. Includes resources for parents, providers and communities to learn what they can do to support school readiness.
