

2023-2024

ANNUAL REPORT

FIRST STEPS IS HERE

Last year, because of Anderson County First Steps:

989 children

were directly served in Anderson County

874 parents & caregivers

received services and support to be their child's first and most important teacher

251 educators

participated in First Steps training and professional development, benefitting 500+ children

PROVEN RESULTS

A 2019 study found that children who received First Steps local partnership services were:

74% more likely

to score at the highest level on the Kindergarten Readiness Assessment

34% less likely

to be chronically absent in kindergarten

THE NEED PERSISTS IN ANDERSON COUNTY

First Steps works but we need to expand our reach to ensure that all children are ready.

13,663

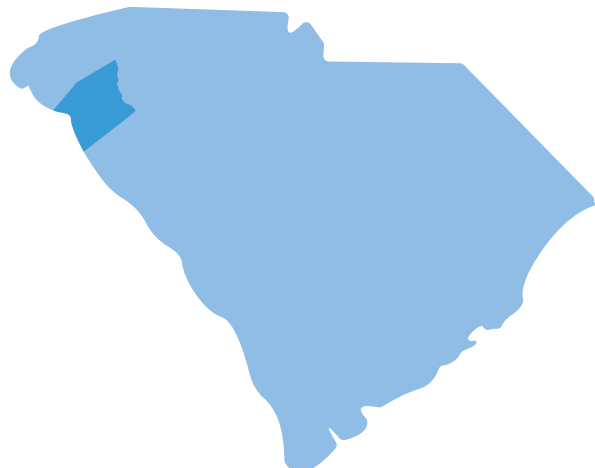

children under 6

42%

of young children live in poverty or low-income households

60%

of kindergarteners are considered "not ready" for school

OUR MISSION

To work collaboratively to ensure that all children start school ready to reach their highest potential with engaged support from their parents, caregivers, and communities.

Paige Wall

Executive Director

On behalf of the board of directors, I want to express our sincerest gratitude for our partners from Anderson County School Districts, community leaders, staff, and South Carolina First Steps, as we celebrate 24 years of providing school readiness support and resources to children ages 0-5 and their families. During the past 24 years, the Anderson County First Steps Partnership has distributed \$14,997,805. to area education, medical and other local community agencies for parenting, and school transition programs as well as services and early education classes for at-risk children.

Anderson County First Steps Partnership is proud of the accomplishments of this last year of each of our initiatives that help families and providers prepare children for their first day of school. Our objectives could not have been achieved without the support of our community partners. We look forward to continuing our efforts to ensure the children of Anderson County are healthy and ready for school.

Serving Anderson County's children birth through age five.

"We are so grateful for the First Steps program! Because of this program, we saw so much growth in our son. He learned to recognize his letters and numbers, and I feel better prepared him for K5. From looking forward to getting new books to read every week to the amazing social skills it provided him. We are forever grateful for this program."

Sheryl McCollum

Board Chair

Anderson County First Steps is driven to empower individuals with the knowledge and skills they need to succeed in life. We are a community that fosters growth, creativity, and innovation. Education is the key to unlocking human potential. We strive to create an inclusive, collaborative, and supportive learning environment. While recognizing that children have unique talents and strengths, we aim to help our students discover and develop their full potential. Since our inception in June of 1999, we have helped thousands of children prepare for school through programs that provide early intervention, strengthen families, improve children's health and well-being, and increase the quality of early care and education. We are proud to report that in 2023-2024, we served 989 children, fourteen area schools and child-care centers, and distributed over 8000 books and materials. We are very proud to be a part of the community we serve.
