

VISIT ONE: WEEKLY ACTIVITIES FOR PARENTS

1. Read a book with your child every day. Look for opportunities to pause and ask your child “open-ended” questions about the story. (Open-ended questions have many possible answers. For example: “What do you think will happen next?” or “Can you think of a time you felt scared like (the character in the book)?”)
2. Use crayons to draw a picture of your family. Sit together and label each family member by name. Talk about the letters needed to write the name of each.
3. Visit your local library with your child. If you don’t have a library card you can sign up for one – they’re free!
4. Review the parent handout *Technology and Your Kindergartner*.
5. Develop a list of your questions about kindergarten and the coming school year for discussion during a future visit. This list may include both your own parent questions and those of your child.
