Annual Report
2017-18

OUR VISION:
Every South Carolina child will arrive at Kindergarten ready to succeed.
Many families with young children rely on child care for infants and toddlers. Georgetown County First Steps focuses on supporting quality early child care. Quality child care can be an enriching experience in a child’s life and can provide support to families as they work to gain self sufficiency. Statistics show children benefit most from child care by gaining socialization skills and learning to communicate with peers and adults. Quality child care also promotes stability and strong relationships within the families we serve. Research indicates all children benefit from high quality child care programs that allow families to work closely with them to enrich children’s learning and development. It is imperative that we continue to provide the kind of learning environments necessary for all children to be successful in the early years as well as preparing them for success in school and as the they progress through life. In our constant pursuit to provide services that support unmet needs of our preschool community, we are excited to offer scholarships serving the most needy families.

On a personal note, I am very new in my role as Executive Director and look forward to serving families here in Georgetown County. I have a lot of new ideas and look forward to seeing what the future holds as I join forces with the rest of the county in helping families and getting children prepared for school. My main goal is to rebrand Georgetown County First Steps so that it is a recognizable brand that stands for supporting all children and their families as they prepare to enter Kindergarten.

Ayesha Smith, Executive Director

OUR MISSION:
To promote awareness through collaboration of other entities as we prepare our children for success.

THE GOALS

Our partnership’s work, in collaboration with state and local partners, is focused on advancing Georgetown County towards these strategic goals in support of the **Profile of the Ready Kindergartner**, South Carolina’s description of school readiness:

1. Parents are children’s first teacher; families are the most important influence on the development of their children because learning happens in every day moments.
2. Services offered should be based on the needs and of the community and adaptable to meet the unique needs of children and families.
3. School readiness means that if parents become engaged early in their child’s education then in the long term lifelong success can be expected.

THE IMPACT

In 2017-18, Georgetown County First Steps provided:

- **30 children** and **16 adults** with **intensive support** to equip parents and caregivers with the confidence and competence to be a child’s first and best teacher, and strengthen their family’s health, economic, and overall well-being
- **12 staff** child care providers working in Head Start and preschool classrooms with training, technical assistance, resources and support, helping them better meet the needs of **30 children ages 0-5 in their care** (3-K program, Child Care Scholarships, and Child Care Quality Enhancement) financial assistance to help **30 children 0-5 attend quality child care** so their parents can work or attend school, **books** to spark the love of reading for children, 3K Scholarships, Centers of Excellence. A total of **250 books** and **16 children** were impacted by Georgetown County First Steps’ programs, resources, activities and events.
School Readiness Outcomes

What is the KRA?

In 2017–18, kindergartners across the state were given for the first time South Carolina’s newest assessment of school readiness: the Kindergarten Readiness Assessment, or KRA. The KRA provides a snapshot of students’ abilities at the beginning of the school year, in four domains: Social Foundations, Language and Literacy, Mathematics, and Physical Development and Well-Being. Here are the results locally and for the state:

<table>
<thead>
<tr>
<th>Domain</th>
<th>Emerging</th>
<th>Approaching</th>

<td><strong>36%</strong></td>
</tr>
</tbody>
</table>

1. **Language and Literacy**: reading, writing, speaking, and listening
2. **Mathematics**: counting, comparison, and sorting
3. **Physical Well-Being & Motor Development**: dexterity, muscular coordination, and balance
4. **Social Foundations**: following rules, asking for help, task persistence and other skills necessary to function within the kindergarten classroom

**Demonstrating Readiness**: student demonstrates foundational skills and behaviors that prepare him/her for instruction based on kindergarten standards.

**Approaching Readiness**: student demonstrates some foundational skills and behaviors that prepare him/her for instruction based on kindergarten standards

**Emerging Readiness**: student demonstrates limited foundational skills and behaviors that prepare him/her for instruction based on kindergarten standards

What is Georgetown County First Steps doing to improve KRA results?

Georgetown County First Steps goals for Kindergarten Readiness include continuing to work with Quality Enhanced Centers to collaborate and ensure that each child is successful as s/he prepares for kindergarten. Georgetown will be implementing new programs that will be evidence-based, such as PAT, and other programs that will improve and make a difference in families’ lives and promote awareness of children’s needs. We also will be providing Countdown to Kindergarten as well as implementing more child care training.

Ayesha Smith, Executive Director   ♦  843-520-1830   ♦ Merit Justice, Board Chair
Too many families in Georgetown County cannot afford quality care for their children.

Program Description

Access to quality child care is essential for children while away from their primary caregivers. Yet, of those families income-eligible for child care assistance in South Carolina, only a small fraction receive it due to lack of funds. In the absence of nurturing and consistently available family, friends or neighbors, parents are faced with few - or no – affordable care options.

Georgetown County First Steps serves families in greatest need. Among our scholarship families:

- 100% ... live in poverty
- 94% ... live in single parent households and have needs of other services

In addition to regular monitoring of child care providers that receive First Steps scholarships, Georgetown County First Steps conducts at least one developmental screening each year with scholarship children and connects families to needed services within the community.

Our scholarships are provided to families with children who participate in our 3-K program at Sanpit and Little Smurfs.

This year, our Scholarship program:

- Provided 16 children with scholarship assistance so their parents could work or attend school
- Supported 3 small businesses in Georgetown County by subsidizing child care tuition for families who would not otherwise be able to afford quality care
- Provided 9 hours of training for scholarship parents.

Thank you to our Scholarship partners!

- U.S. Department of Education
- Georgetown County School District
- ABC Child Care

Evidence of Effectiveness:

Our partnership’s Child Care Scholarship strategy is considered evidence-based because it is connected to the following evidence-based program: 3K
Total 2017-18 Expenditures: $377,086

State Funds Leveraged in 2017-18*: 66%

Making a difference one child at a time

Georgetown County was able to provide 3K scholarships as assistance for the most needy families for children in two of our local child care centers. One of two centers is located within Georgetown County School District. Georgetown County First Steps collaborated with Georgetown County Housing Authority to promote community awareness by adding three-year olds to a waitlist for the 3K program.

Georgetown County First Steps was able to work along with childcare centers so that every Early Head Start (EHS) child that transitioned out of an EHS classroom was provided a scholarship to a 3K classroom.

Georgetown County’s Quality Enhancement centers participated in educational field trips which provided a realm of knowledge and age appropriate learning for 3K children.

At the state level and in every county, First Steps leverages state funding with other public and private resources to help South Carolina’s children enter kindergarten healthy and ready to succeed. First Steps programs and services support families as their child’s first and most important teacher and are customized to meet the unique needs of local communities, grounded in strong evidence, fueled by stakeholder collaboration, and accountable for results.

First Steps Goals

(1) provide parents with access to the support they might seek and want to strengthen their families and to promote the optimal development of their preschool children;

(2) increase comprehensive services so children have reduced risk for major physical, developmental, and learning problems;

(3) promote high-quality preschool programs that provide a healthy environment that will promote normal growth and development;

(4) provide services so all children receive the protection, nutrition, and health care needed to thrive in the early years of life so they arrive at school ready to succeed; and

(5) mobilize communities to focus efforts on providing enhanced services to support families and their young children so as to enable every child to reach school healthy and ready to succeed.

First Steps Building Blocks of Quality Early Childhood Programs and Services

Heathy Start  Family Strengthening  Early Interventio n  Quality Child Care  Early Education  School Transition

From Greenville to Charleston, Abbeville to York, First Steps local partnerships serve as ...

Local portals connecting preschool children and families to services

Conveners of community stakeholders to address the needs of young children and their families

Champions of the importance of school readiness to our children’s future.
