When you are old enough, you can wear a mask to help stop germs. Circle your age:

1 2 3 4 5

If you are 2 or older, you can wear a mask!

When someone wears a mask, it can be hard to tell how they are feeling. Look at their eyes and eyebrows for clues.

How are they feeling today?

When you wear a mask, it should cover your nose and your mouth. Trace the dotted line to put a mask on the fox's face.
